PROFESSIONAL SUMMARY

Ambitious and analytical Information Communication Technology undergraduate pursuing dual computing degrees from the University of Sri Jayewardenepura and the University of Colombo School of Computing. Combines a solid foundation in physical sciences with deep academic exposure to modern software architectures, data systems, and web development. Complemented by professional hands-on corporate experience in industrial quality assurance, establishing robust capabilities in meticulous database logging and workflow tracking. Driven to leverage strong technical problem-solving skills in innovative tech environments.

EDUCATION

B.Sc. (Physical Science) in Information Communication Technology

May 2025 — Present

University of Sri Jayewardenepura, Sri Lanka

- Focusing deeply on theoretical computing structures, algorithmic thinking, and systems analysis.
- Engaging in systematic scientific methodologies to resolve complex software and engineering challenges.

Bachelor of Information Technology (BIT) University of Colombo School of Computing (UCSC), Sri Lanka

Aug 2024 — Present

- Acquiring structured capabilities in software architecture, object-oriented concepts, and relational database management systems (RDBMS).
- Aligning rigorous academic coursework with modern industry-standard software ecosystems.

PROFESSIONAL EXPERIENCE

Fabric Inspector & Quality Assurance Representative

Jun 2024 — May 2025

Hirdaramani Industrial, Katunayake, Sri Lanka

- Monitored, evaluated, and documented manufacturing compliance and product quality metrics.
- Utilized systematic enterprise data inventory tracking tools to log inspection workflows, minimizing disparities.
- Collaborated with cross-functional operational departments to optimize factory processing pipelines.

TECHNICAL SKILLS

Programming & Web:

Java (OOP) HTML5 / CSS3
JavaScript Python Web Development

Data & Systems:

SQL Database Data Analysis
Systems Analysis Quality Assurance
MS Office Suite

PROFESSIONAL SOFT SKILLS

Analytical Thinking Problem Solving
Attention to Detail Team Collaboration
Time Management

ACADEMIC & TECHNICAL PROJECTS

Sales Management System

Java Application / OOP / SQL

Developed a desktop application to manage transactional data, monitor performance, track inventory, and log invoices.

Logistics Management System

Java Application / Systems Design

Designed an enterprise application framework focused on shipment tracking, supply chain metrics, and distribution workflows.

Personal Portfolio Website

HTML5 / CSS3 / Web Portal

Architected a fully modern, responsive web portal to organize technical programming assignments and academic achievements.

LANGUAGES SPOKEN

Sinhala (Native)

English (Professional)
